

Area: Guildford

Issue 185 – 22nd to 28th June 2020

Surface dressing

Around 80 roads across Surrey are scheduled to receive surface dressing during June and July. The programme started on Wednesday 10th June.

Our surface dressing team will treat areas with a high volume of traffic that require preventative treatment to keep them in a good condition.

These works will seal and waterproof the road, provide a new surface to improve braking and increase safety.

You can find out more on our [surface dressing page](#).

Surrey County Council works due to be carried out between 22nd and 28th June

We are resuming essential roadworks to help keep routes open and safe for key workers. It may not be possible for some of the works listed below to go ahead during the current government restrictions. If you have any queries about these works please contact the Works Communication Team - : works.communication@surreycc.gov.uk or visit www.surreycc.gov.uk/roadworks. We ask that you support our essential workers and the job they have to do; their job is vital to keep the network safe and Surrey moving.
