EF-009

NOTICEBOARDS

(i) Council noticeboards

The council have 10 locked noticeboards and we receive many requests for posters and flyers to be displayed from community groups. The council now only accept notices size A5 to maximise space but they are still over-crowded with posters making it hard to fit in agendas and local authority notices. It takes time to drop off posters received in the Parish Office to the volunteers who put up the notices.

(ii) Community noticeboards

There are 4 community use / open noticeboards, (Hunts Hill Car Park board missing from the map below) plus a defunct noticeboard in Wyke Avenue.

Matters for consideration:

- Does the committee wish to advise residents that community posters are for council notices only?
- Does the committee wish to buy a new community noticeboard or does it consider 4 is adequate? Examples of prices are from £500 - £1,200 + VAT
